As mentioned in the band handbook, we are implementing a donation program this year. This is in an effort to have funds available for the things we need that exceed our limited budget on the county level. We ask for a donation of \$25.00 per student to help cover the costs of running a successful band program. These costs include such things as large instruments, equipment, instrument repairs and maintenance, music, and various supplies needed throughout the year including entry and transportation costs for performance evaluation, festival plaques, end-of-the-year awards, incentives, rewards, technology needs, etc. You may feel free to donate more than \$25.00 if you are able and willing. Any donation will be a great help and will be much appreciated. This is an optional donation and your student will in no way lose any privileges or have his/her grade affected if you choose not to make a donation.

TOTAL..... \$ \_\_\_\_\_
